

I am disappointed in Sinclair Broadcasting's decision to force their stations to air an anti-Kerry documentary days before the election. Their action is a clear example of the dangers of media consolidation. Failure of the FCC to take action will indicate that the federal communications commission is no longer an impartial arm of government. Please use your power to stop this flagrant abuse of the public airwaves before a dangerous precedent is set that will infringe upon the very basis of democratic freedom in this country.

Thank you.
